Question 4

Ms. Henderson believes that she will qualify for Medicare coverage when she turns 65, without paying any premiums, because she has been working for 40 years and paying Medicare taxes. What should you tell her?

Choose one answer.

a. She is correct because she will be covered under Part A, without paying premiums and she has worked for 40 years so she will not have to pay Part B premiums. ✗

b. She is correct that she will not have to pay a premium because State programs cover the cost of Part B premiums for all Medicare beneficiaries. ✗

c. In order to obtain Part B coverage, she must pay a standard monthly premium, though it is higher for individuals with higher incomes. ✓

d. Medicare beneficiaries only pay a Part B premium if they are enrolled in a Medicare Health Plan. ✗

Question 5

Mr. Diaz continued working with his company and was insured under his employer’s group plan until he reached age 68. He has heard that there is a premium penalty for those who did not sign up for Part B when first eligible and wants to know how much he will have to pay. What should you tell him?

Choose one answer.

a. Mr. Diaz will pay a penalty, which will be a flat amount each year, paid during the first month of coverage. ✗
b. The penalty will be a permanent 10% increase in his Part B premium for every 12 month period that passed during which he could have enrolled and did not. ✗

c. Mr. Diaz will not pay any penalty because he had continuous coverage under his employer's plan. ✓

d. During the first year he is covered under Part B, his premiums will be 10% higher than they otherwise would be, after which point they will return to normal. ✗

Question 6

Mrs. Peña is 66 years old, has coverage under an employer plan and will retire next year. She heard she must enroll in Part B at the beginning of the year to ensure no gap in coverage. What can you tell her?

Choose one answer.

- a. She may enroll at any time while she is covered under her employer plan, but she will have a special eight-month enrollment period that differs from the standard general enrollment period, during which she may enroll in Medicare Part B. ✓

- b. She must wait at least 30 days after her employment terminates before she may enroll in Medicare Part B. ✗

- c. She may only enroll in Part B during the general enrollment period whether she is retired or not. ✗

Question 7

Mrs. Kelly, age 65, is entitled to Part A, but has not yet enrolled in Part B. She is considering enrollment in a Medicare health plan (Part C). What should you advise her to do before she will be able to enroll into a Medicare health plan?

Choose one answer.

- a. To enroll in a Medicare health plan, she need only be entitled to Part A, so she does not need to take any further steps. ✗
In order to join a Medicare health plan, she must be enrolled in Parts A, B and D.

Since she is age 65 she may enroll in any Medicare health plan, regardless of whether she is entitled to Part A or Part B coverage.

In order to join a Medicare health plan, she also must enroll in Part B.

Mrs. Park is an elderly retiree. She has a low, fixed income. What could you tell Mrs. Park that might be of assistance?

Choose one answer.

She should not sign up for a Medigap or Medicare Advantage plan.

She should contact her state Medicaid agency to see if she qualifies for one of several programs that can help with Medicare costs for which she is responsible.

She can apply to the Medicare agency for lower premiums and cost-sharing.

She should only seek help from private organizations to cover her Medicare costs.

Question 2

Mr. Wu is eligible for Medicare. He has limited financial resources but failed to qualify for the Part D low-income subsidy. Where might he turn for help with his prescription drug costs?

Choose one answer.

Mr. Wu may still qualify for help in paying Part D costs through his State Pharmaceutical Assistance Program.

Mr. Wu may still qualify for help in paying for Part D costs through the local Office of the Aging.

Mr. Wu has no alternative but to liquidate his remaining assets and apply for coverage through his state’s Medicaid program.

Mr. Wu may still qualify for help in paying for Part D costs through the Federal Pharmaceutical Assistance Program.
Mr. Patel is in good health and is preparing a budget in anticipation of his retirement when he turns 66. He wants to understand the health care costs he might be exposed to under Medicare if he were to require hospitalization as a result of an illness. In general terms, what could you tell him about his costs for inpatient hospital services under Original Medicare?

Choose one answer.

- a. Under Original Medicare, the inpatient hospital co-payment is a flat per-day amount that remains the same throughout the first 60 days of a beneficiary’s stay. After day 60 the amount gradually increases until day 90. After 90 days he would pay the full amount of all costs. X

- b. Under Original Medicare, if the inpatient hospital service is provided by a participating Medicare provider, the co-payment is waived. Co-payments are only charged when a beneficiary opts to receive care from a non-participating provider. X

- c. Under Original Medicare, the inpatient hospital co-payment is a percentage of allowed charges. The percentage increases after 60 days and again after 90 days. X

- d. Under Original Medicare, there is a single deductible amount due for the first 60 days of any inpatient hospital stay, after which it converts into a per-day coinsurance amount through day 90. After day 90, he would pay a daily amount up to 60 days over his lifetime, after which he would be responsible for all costs. √

Question 2

Mrs. Shields is covered by Original Medicare. She sustained a hip fracture and is being successfully treated for that condition. However, she and her physicians feel that after her lengthy hospital stay she will need a month or two of nursing and rehabilitative care. What should you tell them about Original Medicare’s coverage of care in a skilled nursing facility?

Choose one answer.

- a. Mrs. Shields will have to apply for Medicaid to have her skilled nursing services covered because Medicare does not provide such a benefit. X

- b. Medicare will cover Mrs. Shields’ skilled nursing services provided during the first 20 days of her stay, after which she would have a coinsurance until she has been in the facility for 100 days. √

- c. Once she has expended her liquid assets, Medicare will cover 80% of Mrs. Shields’ long-term care costs. X
Medicare will cover an unlimited number of days in a skilled-nursing facility, as long as a physician certifies that such care is needed. ✗

- b. Medicare inpatient psychiatric coverage is limited to the same number of days covered for typical inpatient stays. ✗
- c. Medicare will cover a total of 190 days of inpatient psychiatric care during Mr. Rainey’s entire lifetime. ✓
- d. Inpatient psychiatric services are not covered under Original Medicare. ✗

**Question 4**

Mrs. Quinn has recently turned 66 and decided after many years of work to begin receiving Social Security benefits. Shortly thereafter Mrs. Quinn and received a letter informing her that she has been automatically enrolled in Medicare Part B. She wants to understand what this means. What should you tell Mrs. Quinn?

Choose one answer.

- a. Part B will cover her dental and vision needs. ✗
- b. She will need to pay no premiums for Part B as she qualifies for premium free coverage due to the number of quarters she has worked. ✗
- c. She should disenroll if she does not want to pay the monthly premiums. There is no disadvantage to doing so. ✗
d. Part B primarily covers physician services. She will be paying a monthly premium and, with the exception of many preventive and screening tests, generally will have 20% co-payments for these services, in addition to an annual deductible. ✓

**Question 5**

Mr. Buck has several family members who died from different cancers. He wants to know if Medicare covers cancer screening. What should you tell him?

Choose one answer.

- a. Medicare covers treatments for existing disease, injury and malformed limbs or body parts. As such, it does not cover any screening tests and these must be paid for by the beneficiary out of pocket. ×
- b. Medicare covers some screening tests that must be performed within the first year after enrollment. Beyond that point expenses for screening tests are the responsibility of the beneficiary. ×
- c. Medicare covers periodic performance of a range of screening tests that are meant to provide early detection of disease. Mr. Buck will need to check specific tests before obtaining them to see if they will be covered. ✓
- d. Medicare covers all screening tests that have been approved by the FDA on a frequency determined by the treating physician. ×

Question 2

Mrs. Lyons is in good health, uses a single prescription, and lives independently in her own home. She is attracted by the idea of maintaining control over a Medical Savings Account (MSA), but is not sure if the plan associated with the account will fit her needs. What specific piece of information about a Medicare MSA plan would it be important for her to know, prior to enrolling in such a plan?

Choose one answer.
MSA enrollees may only receive covered health care services from a limited panel of network providers because otherwise some providers may charge more than Original Medicare rates.

All beneficiaries enrolled in an MSA pay a plan premium in addition to their Part B premium.

For enrollees in an MSA, after the annual deductible is met, the MSA plan generally pays 75% of covered services.

All MSAs cover Part A and Part B benefits, but not Part D prescription drug benefits, which could be obtained by also enrolling in a separate prescription drug plan.

In most Medicare Advantage HMOs, Mr. Kumar must obtain his services only from providers who have a contractual relationship with the plan (except in an emergency).

In Medicare Advantage HMO plans, services provided by primary care physicians are covered at 100%, but those of specialists are covered at 80%.

With any Medicare Advantage HMO, Mr. Kumar will be able to see any provider he likes, so long as that provider participates in Original Medicare.

Mrs. Ramos is considering a Medicare Advantage PPO and has questions about which providers she can go to for her health care. What should you tell her?

Choose one answer.

a. Mrs. Ramos can obtain care from any provider who participates in Original Medicare, but generally will have a higher cost-sharing amount if she sees a provider who is not part of the PPO network.

b. In general, Mrs. Ramos will need a referral to see specialists.

c. Mrs. Ramos should be aware that generally plan providers can decide, on a case-by-case basis, whether they will treat her.

d. In general, Mrs. Ramos can obtain care from any provider who participates in Original Medicare, but will have to pay the difference between the plan's allowed amount and the provider's usual and customary charge.

Mr. Sinclair has diabetes and heart trouble and is generally satisfied with the care he has received under Original Medicare, but he would like to know more about Medicare Advantage Special Needs Plans (SNPs). What could you tell him?

Choose one answer.

a. Since SNPs don't cover prescription drugs Mr. Sinclair should consider a different option.
b. SNPs are essentially the same as Original Medicare and are not likely to have a noticeable impact on how Mr. Sinclair receives his care. ✗

c. SNPs offer care from any doctor or hospital Mr. Sinclair would like to use and his costs will always be lower than in Original Medicare. ✗
d. SNPs have special programs for enrollees with chronic conditions, like Mr. Sinclair, and they provide prescription drug coverage that could be very helpful as well. ✓

Question 4

Mr. Greco is in excellent health, lives in his own home, and has a sizeable income from his investments. He has a friend enrolled in a Medicare Advantage Special Needs Plan (SNP). His friend has mentioned that the SNP charges very low cost-sharing amounts and Mr. Greco would like to join that plan. What should you tell him?

Choose one answer.

a. SNPs only serve individuals in long-term care facilities, so he cannot enroll. ✗
b. SNPs only serve individuals eligible for both Medicaid and Medicare, so he cannot enroll. ✗
c. SNPs limit enrollment to certain sub-populations of beneficiaries. Given his current situation, he is unlikely to qualify and would not be able to enroll in the SNP. ✓
d. SNPs do not provide Part D prescription drug coverage, so if he does enroll, he should be aware that he will not have coverage for any medications he may need now or in the future. ✗

Choose one answer.

a. PFFS plans are the same as Medicare supplement plans and he may obtain care from any provider in the U.S. ✗
b. Enrollees in a PFFS plan can obtain care from any provider in the U.S. who accepts Original Medicare, as long as the provider has a reasonable opportunity to access the plan's terms and conditions and agrees to accept them. ✅

c. If a PFFS enrollee shows his/her card when obtaining services from a provider who participates in Original Medicare, then that provider is required to accept the plan's terms and conditions. ❌

d. If offered, beneficiaries can select a stand-alone Part D prescription drug plan (PDP) with an HMO or a PPO, but not with a PFFS plan. ❌

Question 4

Dr. Elizabeth Brennan does not contract with the PFFS plan but accepts the plan's terms and conditions for payment. Mary Rodgers sees Dr. Brennan for treatment. How much may Dr. Brennan charge?

Choose one answer.

a. Dr. Brennan can charge Mary Rogers no more than the cost sharing specified in the PFFS plan's terms and condition of payment which may include balance billing up to 15 percent of the Medicare rate. ✅

b. Dr. Brennan can charge Mary no more than the cost sharing specified in the PFFS plan's terms and conditions of payment which may include balance billing up to 25 percent of the Medicare rate. ❌

c. Dr. Brennan can charge the beneficiary the same cost sharing as Original Medicare as long as she sends the claim to Medicare and not the plan. ❌

d. Dr. Brennan can charge Mary Rodgers more than the cost sharing specified in the PFFS plan's terms and conditions as long as she treats all beneficiaries the same. ❌

Mrs. Lyons is in good health, uses a single prescription, and lives independently in her own home. She is attracted by the idea of maintaining control over a Medical Savings Account (MSA), but is not sure if the plan associated with the account will fit her needs. What specific piece of information about a Medicare MSA plan would it be important for her to know, prior to enrolling in such a plan?

Choose one answer.
a. MSA enrollees may only receive covered health care services from a limited panel of network providers because otherwise some providers may charge more than Original Medicare rates. ✗

b. For enrollees in an MSA, after the annual deductible is met, the MSA plan generally pays 75% of covered services. ✗

c. All beneficiaries enrolled in an MSA pay a plan premium in addition to their Part B premium. ✗

d. All MSAs cover Part A and Part B benefits, but not Part D prescription drug benefits, which could be obtained by also enrolling in a separate prescription drug plan. ✓

Question 2

Which of the following statement is correct about Medicare Savings Account (MSA) Plans?

I. MSAs may have not have a network or may have a full or partial network of providers.

II. MSA plans must cover preventive services that have no cost sharing before the enrollee has met the deductible.

III. An individual who is eligible for health care benefits through the Veteran's Administration may enroll in an MSA.

IV. Non-network providers must accept the same amount that Original Medicare would pay them as payment in full.

Question 6

Mr. Romero is 64, retiring soon, and considering enrollment in his employer-sponsored retiree group health plan that includes drug coverage with nominal copays. He heard about a neighbor’s MA-PD plan that you represent and because he takes numerous prescription drugs, he is considering signing up for it. What should you tell him?

Choose one answer.

a. Generally, employers prefer retirees to have both the retiree group plan and the MA-PD plan to fill in the gaps, but he would be better off with just the MA-PD plan.

b. Generally, employers prefer retirees to enroll in a stand-alone PDP, so he should consider that instead of the MA-PD.

c. When possible, it is always the best option to have both the employer’s plan and the MA-PD, so he would have no out-of-pocket expenses.

d. Beneficiaries should check with their employer or union group benefits administrator before changing plans to avoid losing coverage they want to keep.

Mrs. Walters is enrolled in her state’s Medicaid program in addition to Medicare. What should she be aware of when considering enrollment in a Medicare Health Plan?

All plans must cover at least the standard Part D coverage or its actuarial equivalent. What costs would a beneficiary incur for prescription drugs in 2019 under the standard coverage?

Choose one answer.
a. Standard Part D coverage would require payment of fixed per-prescription co-payments and 75% of the costs in the coverage gap.

b. Standard Part D coverage would require payment of only fixed per-prescription co-payments.

c. Standard Part D coverage would require payment of an annual deductible, 25% cost-sharing up to the coverage gap, a portion of costs for both generics and brand-name drugs in the coverage gap, and co-pays or co-insurance after the coverage gap.

d. Standard Part D coverage would require payment of an annual deductible, fixed per-prescription co-payments, 35% of the costs in the coverage gap, and once catastrophic coverage begins, the plan covers 100% of all costs.

Question 2

Mrs. Andrews was preparing a budget for next year because she takes quite a few prescription drugs, she will reach the coverage gap, and wants to be sure she has enough money set aside for those months. She received assistance calculating her projected expenses from her daughter who is a pharmacist, but she doesn’t think the calculations are correct because her out-of-pocket expenses would be lower than last year. She calls to ask if you can help. What might you tell her?

Choose one answer.

a. There is likely an error in the calculations because prescription drug costs continue to rise, so her costs will probably be much higher next year.

b. It would not be unusual for her costs to be substantially less because a new requirement will result in generic drugs being automatically substituted for brand name drugs in the coverage gap.

c. It would not be unusual for her costs to be a bit less because the Bipartisan Budget Act of 2018 moved up the date for closing the so-called “donut hole” for brand name drugs to 2019.

d. There is likely an error because she will be paying 86 percent of the cost of generic drugs in the coverage gap in 2019.

Question 3

Mr. Jacob understands that there is a standard Medicare Part D prescription drug benefit, but when he looks at information on various plans available in his area, he sees a wide range in what they charge for deductibles, premiums and cost sharing. How can you explain this to him?
Choose one answer.

- a. The Part D standard model’s importance is that it is the only type of plan into which low-income beneficiaries can enroll and still receive any extra help for which they may qualify. ✗

- b. The government allows Part D plans to adopt any benefit structure as long as the list of covered drugs meets their approval. ✗

- c. The government bases its payments to Part D plans on the standard benefit model. For Part D plans to receive the full government payment, they must offer the standard model, however, they can take a risk and revise their benefit structure to attract more beneficiaries. ✗

- d. Medicare Part D drug plans may have different benefit structures, but on average, they must all be at least as good as the standard model established by the government. ✓

Question 4

Ms. Edwards is enrolled in a Medicare Advantage plan that includes prescription drug plan (PDP) coverage. She is traveling and wishes to fill two of her prescriptions that she has lost. How would you advise her?

Choose one answer.

- a. She may fill both prescriptions and they will be fully covered at in-network pricing due the fact that she is traveling. ✗

- b. She may fill one prescription out-of-network per year and it will be fully covered. Her second prescription will require her to pay the full cost out-of-pocket. ✗

- c. She should wait to fill her prescriptions until she is back home since only her local pharmacy is likely to be in her plan's network. ✗

- d. She may fill prescriptions for covered drugs at non-network pharmacies, but likely at a higher cost than paid at an in-network pharmacy. ✓

What types of tools can Medicare Part D prescription drug plans use that affect the way their enrollees can access medications?

Choose one answer.
Part D plans may use varying co-payments for brand name and generic drugs, but they may not restrict access through prior authorization. ❌

b. The Federal government establishes a set formulary, or list of covered drugs, each year that the Part D plans must use. Beneficiaries should consult the government’s list prior to deciding whether they wish to enroll in a Part D plan during that year. ❌

c. Part D plans may use varying co-payments, but they are required to cover all prescription medications on the market. ❌

d. Part D plans do not have to cover all medications. As a result, their formularies, or lists of covered drugs, will vary from plan to plan. In addition, they can use cost containment techniques such as tiered co-payments and prior authorization. ✓

Mrs. Allen has a rare condition for which two different brand name drugs are the only available treatment. She is concerned that since no generic prescription drug is available and these drugs are very high cost, she will not be able to find a Medicare Part D prescription drug plan that covers either one of them. What should you tell her?

Choose one answer.

a. Medicare prescription drug plans are allowed to restrict their coverage to generic drugs. She will need to pay for her brand name medications out of pocket. ❌

b. Medicare prescription drug plans are required to cover drugs in each therapeutic category. She should be able to enroll in a Medicare prescription drug plan that covers the medications she needs. ✓

c. Medicare prescription drug plans are required to include only a certain percentage of brand name drugs among those they cover. It may be possible that plans available in her area have opted not to include in their formularies the brand name drugs she needs. She may need to pay for this particular medication out of pocket. ❌

d. When medication costs exceed a certain threshold amount, which rises each year, a Medicare prescription drug plan is permitted to exclude coverage for all but the least expensive of the medications in a given category. Mrs. Allen will need to encourage her physician to prescribe the least expensive of the two alternatives. ❌
Mr. and Mrs. Vaughn both take a specialized multivitamin prescription each day. Mr. Vaughn takes a prescription for helping to regrow his hair. They are anxious to have their Medicare prescription drug plan cover these drug needs. What should you tell them?

Choose one answer.

- a. Medicare prescription drug plans are not permitted to cover the prescription medications the Vaughns are interested in under Part D coverage, however, plans may cover them as supplemental benefits and the Vaughn’s could look into that possibility. ✅
- b. Mr. Vaughn's hair growth medication would only be covered under Part D if his balding resulted from an illness or was a side effect of a treatment such as chemotherapy. ❌
- c. Medicare prescription drug plans are permitted to cover vitamins, but not drugs for cosmetic purposes. ❌
- d. The vitamins the Vaughns are taking will be covered under Part D, because their physician suggested they should take vitamins, but the hair loss medication cannot be covered. ❌

Question 4

Under what conditions can a Medicare prescription drug plan reduce its coverage for a given drug during the first 60 days of the year?

Choose one answer.

- a. If the Medicare prescription drug plan can show that reducing coverage early in the year will result in savings for the Part D plan and the Medicare program, generally the plan may make such a change. ❌
- b. When the Part D plan can demonstrate to CMS that no enrollee has accessed the medication in the past six months, generally the plan can remove the drug from its formulary within the first 60 days of the year. ❌
- c. Under no conditions can a Medicare Part D prescription drug plan reduce its coverage for a given drug at any point during the year. ❌
- d. When a formulary change is in response to a drug's removal from the market. ✅

Question 5

Which of the following steps may a Part D sponsor adopt for beneficiaries who are at risk of misusing or abusing frequently abused drugs?
I. Identifying at risk individuals by using criteria that includes the number of opioid prescriptions the beneficiary has and the number of prescribers who have written those prescriptions.
II. Locking an at-risk beneficiary into one pharmacy.
III. Locking an at-risk beneficiary into one prescriber.
IV. Increasing deductibles and copays for at-risk beneficiaries.

Choose one answer.

- a. I only  
- b. I, II, and III only ✔
- c. I, II, III, and IV ✗
- d. I and II only ✗

Question 6

Mrs. Roswell is a new Medicare beneficiary and is interested in selecting a Medicare Part D prescription drug plan. She takes a number of medications and is concerned that she has not been able to identify a plan that covers all of her medications. She does not want to make an abrupt change to new drugs that would be covered and asks what she should do. What should you tell her?

Choose one answer.

- a. There is no possibility of obtaining coverage for her existing medications once coverage under the Medicare Part D plan begins. She will need to have her physician help her select a new drug that is covered. ✗
- b. She should use any existing prescription drug coverage to get as large a supply of her existing drugs as possible, and then pick new drugs that are covered under her Medicare plan’s formulary. ✗
- c. The Medicare Part D drug plan is required to offer her coverage of the exact same drugs that she is currently stabilized on, so she does not need to be concerned about transitioning to any new medications. ✗
- d. Every Part D drug plan is required to cover a single one-month fill of her existing medications sometime during a 90 day transition period. ✔

Question 7
Mr. Zachow has a condition for which three drugs are available. He has tried two, but had an allergic reaction to them. Only the third drug works for him and it is not on his Part D plan’s formulary. What could you tell him to do?

Question2
Mr. Torres has a small savings account. He would like to pay for his monthly Part D premiums with an automatic monthly withdrawal from his savings account until it is exhausted, and then have his premiums withheld from his Social Security check. What should you tell him?

Choose one answer.

a. As long as he fills out the paperwork to begin withholding from his Social Security check at least 63 days before such withholding should begin, he can change his method of Part D premium payment and withholding will begin the month after his savings account is exhausted. ✗

b. In general, to pay his Part D premium, he only can have automatic withdrawals made from a checking account, so he will need to transfer the funds prior to beginning such withdrawals. ✗

c. During 2017, many people experienced significant problems with deductions from their Social Security check for their Part D premium. As a result, this method of payment is no longer an option for Part D premium payments ✗

d. In general, he must select a single Part D premium payment mechanism that will be used throughout the year. ✓

Mr. Katz reached the Part D coverage gap in August last year. His prescriptions have not changed, he is keeping the same Part D plan and the benefits, cost-sharing, and coverage of his drugs are all the same as last year. He asked what to expect for this year about his out-of-pocket costs. What could you tell him?

Choose one answer.

a. Because he reached the coverage gap last year, he will probably reach it again this year close to the same time. ✓

b. Because he reached the coverage gap last year, he will not have to go through it again this year. ✗

c. Because he reached the coverage gap in August last year, he probably will reach it much earlier this year. ✗

d. Because he reached the coverage gap in August last year, he probably won’t reach it until much later this year. ✗
Mrs. Grant uses several very expensive drugs and anticipates that she will enter catastrophic coverage at some point during the year. To help her determine when she is likely to qualify for catastrophic coverage, she asked which expenses count toward the out-of-pocket limit that qualifies her for catastrophic coverage. Which one of the following would count?

Choose one answer.

- a. Prescription drugs she purchases on her own that are not on her Part D plan’s formulary. ✗
- b. Prescription drugs she purchases when in the Part D coverage gap. ✓
- c. Prescription drugs she purchases on her vacation to Canada. ✗
- d. Non-prescription, over-the-counter medications she purchases. ✗

Question 3

Mr. Shapiro gets by on a very small fixed income. He has heard there may be extra help paying for Part D prescription drugs for Medicare beneficiaries with limited income. He wants to know whether he might qualify. What should you tell him?

Choose one answer.

- a. The extra help is available to beneficiaries whose income and assets do not exceed annual limits specified by the government. ✓
- b. He must apply for the extra help at the same time he applies for enrollment in a Part D plan. If he missed this opportunity, he will not be able to apply for the extra help again until the next annual enrollment period. ✗
- c. The government pays a per-beneficiary dollar amount to the Medicare Part D prescription drug plans, to offset premiums for their low-income enrollees in accordance with the plan’s set criteria. Mr. Shapiro should check with his plan to see if he qualifies. ✗
- d. The extra help is available only to Medicare beneficiaries who are enrolled in Medicaid. He should apply for coverage under his state’s Medicaid program to access the extra help with his drug costs. ✗
Mrs. Fields wants to know whether applying for the Part D low income subsidy will be worth the time to fill out the paperwork. What could you tell her?

Choose one answer.

a. Those who qualify for the Part D low income subsidy pay nothing for any of their medications. She should definitely apply if she believes there is any chance of her qualifying.

b. The Part D low income subsidy is designed for Medicare beneficiaries who also qualify for Medicaid. If she does not qualify for Medicaid, she would likely not qualify for the extra help and therefore should not take the time to apply.

c. The Part D low income subsidy could substantially lower her overall costs. She can apply by contacting her state Medicaid office, or calling the Social Security Administration.

d. The Part D low income subsidy will not help her once she reaches the coverage gap, so she need not take the time to apply.

Question 5

Mr. Bickford did not quite qualify for the extra help low-income subsidy under the Medicare Part D Prescription Drug program and he is wondering if there is any other option he has for obtaining help with his considerable drug costs. What should you tell him?

Choose one answer.

a. He could check with the manufacturers of his medications to see if they offer an assistance program to help people with limited means obtain the medications they need. Alternatively, he could check to see whether his state has a pharmacy assistance program to help him with his expenses.

b. He should look into the possibility of purchasing his medications through the internet from offshore pharmacies.

c. He should contact his neighbors and family members and let them know that any contributions they make toward his drug expenses will be tax deductible.

d. The only option available is to reduce his income so that he can qualify for the Part D extra help or wait until next year to see if the annual limits change.

Mrs. Fiore was in the Army for 35 years and is now retired. She has drug coverage through the VA. What issues might she consider with regard to whether to enroll in a Medicare prescription drug plan?
Choose one answer.

a. Costs under the VA are significantly higher than those under a Medicare Part D plan.

b. The VA will not offer drug coverage to Mrs. Fiore once she qualifies for the Medicare Part D program.

c. She could compare the coverage to see if the Medicare Part D plan offers better benefits and coverage than the VA for the specific medications she needs and whether any additional benefits are worth the Part D premium costs.

d. The VA does not offer creditable coverage and Mrs. Fiore may incur a Part D premium penalty if she enrolls in a Medicare prescription drug plan at some point after her initial eligibility date.

Question 2

Mr. Hutchinson has drug coverage through his former employer’s retiree plan. He is concerned about the Part D premium penalty if he does not enroll in a Medicare prescription drug plan, but does not want to purchase extra coverage that he will not need. What should you tell him?

Choose one answer.

a. As long as he has any sort of employer coverage, regardless of the level of coverage, he will incur no penalty if he does not enroll in a Part D plan when first eligible.

b. If the drug coverage he has is not expected to pay, on average, at least as much as Medicare’s standard Part D coverage expects to pay, then he will need to enroll in Medicare Part D during his initial eligibility period to avoid the late enrollment penalty.

c. He will need to enroll in a Medicare prescription drug plan upon becoming eligible for the program in order to avoid a premium penalty. To reduce his expenses, he should look for a plan with a zero premium.

d. He should drop the employer coverage and enroll in a Medicare prescription drug plan. Employer plans are almost always more costly for beneficiaries and most do not cover the same range of drugs available from a Medicare prescription drug plan.

Question 2

What types of tools can Medicare Part D prescription drug plans use that affect the way their enrollees can access medications?

Choose one answer.
Part D plans do not have to cover all medications. As a result, their formularies, or lists of covered drugs, will vary from plan to plan. In addition, they can use cost containment techniques such as tiered co-payments and prior authorization.

The Federal government establishes a set formulary, or list of covered drugs, each year that the Part D plans must use. Beneficiaries should consult the government’s list prior to deciding whether they wish to enroll in a Part D plan during that year.

Part D plans may use varying co-payments for brand name and generic drugs, but they may not restrict access through prior authorization.

Part D plans may use varying co-payments, but they are required to cover all prescription medications on the market.

Mr. and Mrs. Vaughn both take a specialized multivitamin prescription each day. Mr. Vaughn takes a prescription for helping to regrow his hair. They are anxious to have their Medicare prescription drug plan cover these drug needs. What should you tell them?

Choose one answer.

Medicare prescription drug plans are not permitted to cover the prescription medications the Vaughns are interested in under Part D coverage, however, plans may cover them as supplemental benefits and the Vaughn's could look into that possibility.

The vitamins the Vaughns are taking will be covered under Part D, because their physician suggested they should take vitamins, but the hair loss medication cannot be covered.

Mr. Vaughn's hair growth medication would only be covered under Part D if his balding resulted from an illness or was a side effect of a treatment such as chemotherapy.

Medicare prescription drug plans are permitted to cover vitamins, but not drugs for cosmetic purposes.

b. She will continue to obtain her drug coverage through Medicaid. ✗

c. Medicaid will cover all drugs not covered under the Medicare Part D prescription drug plan into which Mrs. McIntire is enrolled. ✗

d. Unless she chooses a Medicare Part D prescription drug plan on her own, she will be automatically enrolled in one available in her area. ✓

Question 9

All plans must cover at least the standard Part D coverage or its actuarial equivalent. What costs would a beneficiary incur for prescription drugs in 2019 under the standard coverage?

Choose one answer.

a. Standard Part D coverage would require payment of fixed per-prescription co-payments and 75% of the costs in the coverage gap. ✗

b. Standard Part D coverage would require payment of an annual deductible, 25% cost-sharing up to the coverage gap, a portion of costs for both generics and brand-name drugs in the coverage gap, and co-pays or co-insurance after the coverage gap. ✓

c. Standard Part D coverage would require payment of an annual deductible, fixed per-prescription co-payments, 35% of the costs in the coverage gap, and once catastrophic coverage begins, the plan covers 100% of all costs. ✗

d. Standard Part D coverage would require payment of only fixed per-prescription co-payments. ✗

Question 10

Mrs. Quinn has just turned 65, is in excellent health, and has a relatively high income. She uses no medications and sees no reason to spend money on a Medicare prescription drug plan if she does not need the coverage. What could you tell her about the implications of such a decision?

Choose one answer.
a. If she does not sign up for a Medicare prescription drug plan as soon as she is eligible to do so, if she does sign up at a later date, she will have to pay a one-time penalty equal to 10% of the annual premium amount. ✗

b. If she does not sign up for a Medicare prescription drug plan as soon as she is eligible to do so, if she does sign up at a later date, she will be required to pay a higher premium during the first year that she is enrolled in the Medicare prescription drug program. State licensure laws are pre-empted and do not apply to marketing representatives marketing MA and Part D plans.

Plan sponsors can use any marketing representative, as long as they are licensed in at least one state.

Medicare health plans must comply with requests for information from state insurance departments investigating complaints about a marketing representative.

Plans must contract only with marketing representatives who reside in the state where they intend to work.

Question 5
You are seeking to represent an individual Medicare Advantage plan and an individual Part D plan in your state. You have completed the required training for each plan, but you did not achieve a passing score on the tests that came after the training. What can you do in this situation?

Choose one answer.

You will have to attend one of several remedial training events sponsored by the Medicare agency before being allowed to retake the test.

Question 6
Your colleague works at a third party marketing organization (TMO) and she said she did not need to take the Medicare training for brokers and agents or pass a test to market Medicare plans since her contract is with the TMO, not the plans that have the products she sells. What could you say to her?

Choose one answer.
You could tell her she is wrong, and that only agents selling employer/union group plans are permitted an exemption from testing, but some employer/union group plans may require testing to promote agent compliance with CMS marketing requirements.

You could tell her she was right, but new rules will require her to take the training and pass the test at least every other year.

You could tell her she is right and ask if you could get a contract with the TMO too.

You could tell her she is wrong and that only agents employed by the plans are exempt from training and testing requirements.

You have set up an appointment for an in-home sales presentation with Mrs. Fernandez, who expressed interest in the Medicare plans you represent. In preparation for the sales presentation, what must you do?

Choose one answer.
a. Prior to arriving at her home, request approval from CMS to use special materials that you developed to explain the plan benefits instead of the plan’s materials, which you think are confusing. ✗

b. Seven days prior to the appointment, you must notify the company(s) you represent regarding which products you will be presenting, so they can report the nature of your meeting to the Medicare agency. ✗

c. At the time you arrive for the appointment, let her know which products you will be going over. ✗

d. Prior to conducting the presentation, obtain, and document having obtained her permission to visit, along with her interest in the specific products you will present. ✓

Question 2

Mrs. Lu is turning 65 in November and called to ask for your help deciding on a Medicare Advantage plan. She agreed to sign a scope of appointment form and meet with you October 15. During the appointment, what are you permitted to do?

Choose one answer.

a. You may leave enrollment kits for several MA plans and offer to discuss a Medigap and Part D prescription drug plan she might like. ✗

b. You may leave an enrollment kit and discuss a new life insurance product she might like. ✗

c. You may provide her with the required enrollment materials and take her completed enrollment application. ✓

d. You may take her completed enrollment application and ask her to provide names of any of her friends who may be interested in enrolling. ✗

Question 3

While making an appointment to discuss Medicare Advantage (MA) and Part D plans with a potential enrollee, you are asked to describe other types of insurance products that your client might wish to purchase. What additional types of insurance can you present during the MA and Part D marketing appointment?

Choose one answer.
You can present only health care related lines of business, but must obtain the beneficiary’s permission to do so before the presentation occurs and document that you have obtained that permission.

You can present any line of business you represent as long as you obtain the beneficiary’s permission first.

You cannot present any line of business other than MA or Part D during such a presentation, regardless of whether or not it is health care related.

You can present only end of life and life insurance lines of business.

A Medicare beneficiary has walked into your office and requested that you sit down with her and discuss her options under the Medicare Advantage program. Before engaging in such a discussion, what should you do?

Choose one answer.

Prior to speaking with the individual, you must inquire as to her eligibility for MA and Part D plans and then complete a scope of appointment form for the plans for which she is eligible.

You are meeting with Mrs. Hall in her home. On her scope of appointment form she asked to discuss Medicare Advantage plans. During the meeting, she asks to discuss a stand-alone prescription drug plan. She is leaving the next day to visit her family for a week in another state, so it is important to her to make a decision before she leaves. What must happen before that additional discussion can take place?

Choose one answer.
a. Since Mrs. Hall specifically asked that you discuss the stand-alone Part D plan, you may do so, as long as she signs a new scope of appointment form first, indicating that she wants to discuss the Part D plan. ✓

b. You must make a telephone call from a location outside Mrs. Hall’s home to ensure that the discussion of the prescription drug plan can take place. ✗

c. Since Mrs. Hall is leaving the state, you can immediately present her with information on the prescription drug plan, so she can make a decision before it is too late. ✗

d. You must refer Mrs. Hall to another agent in order for her to be able to engage in such a discussion. ✗

a. Third parties may only make initial contact with a beneficiary if they first obtain certification from the Medicare agency as an approved marketing entity and are licensed under applicable state law.  

b. This is an acceptable practice, as long as the third party clearly states, during a call that it is calling on behalf of a Medicare Advantage or Part D plan, or the plan's marketing representative.  

c. Third parties may not make unsolicited calls, visits, or emails to Medicare beneficiaries in order to set up such appointments, or for any other reason related to the marketing of Medicare Advantage or Part D plans.  

d. Third parties may make initial calls to a potential client, but they must then pass the name and phone number on to you and it will be your responsibility to set up the sales appointment and obtain a completed scope of appointment form.  

Question 2

You market many different types of insurance and ordinarily you spend time each evening calling potential clients. To be in compliance with requirements for marketing Medicare Advantage and Part D plans, what must you do about contacting potential clients to market those plans?

Choose one answer.

a. Because the Medicare health plans are important federal programs for beneficiaries, federal law regarding the “Do Not Call” registry is waived so you will be able to call and enroll beneficiaries over the telephone.  

b. You only need to comply with requirements of federal and state “Do Not Call” registries.  

c. You will have to avoid calling any potential client, unless he or she initiates contact with you and specifically asks that you give him or her a call.  

d. As long as you market only health-related products, you can make an initial call to any beneficiary, but then must honor “do not call again” requests.  

Agent Martinez wishes to solicit Medicare Advantage prospects through e-mail and asks you for advice as to whether this is possible. What should you tell her?

Choose one answer.
a. Marketing representatives may only use internet pop-up ads providing plan-specific information that have been approved by CMS when soliciting prospects through electronic means of communication. 

b. While unsolicited contacts may be made through print media such as direct mail, marketing representatives may not initiate electronic contact.

c. Marketing representatives may initiate electronic contact through e-mail and as long as an e-mail is opened marketing representatives may also follow-up with unsolicited telephone calls.

d. Marketing representatives may initiate electronic contact through e-mail but the subject line must say “marketing” and an opt-out process must be provided.

**Question 2**

Winthrop Brokerage wishes to place an advertisement in the local newspaper that says: “We offer Medicare Advantage plans offered by AB Health and Top Choice Health. Contact us if you would like to learn more.” Which of the following best describes the obligation(s) of Winthrop Brokerage regarding the advertisement?

Choose one answer.

a. Winthrop Brokerage must submit the advertisement to CMS for prior approval because it is considered general audience marketing.

b. Winthrop Brokerage does not need to submit the advertisement to CMS for prior approval and may also include in the advertisement information about the plans’ benefit structures and star rankings.

c. Winthrop Brokerage does not need to submit the advertisement to CMS for prior approval because it does not include information about the plans’ benefit structures, cost sharing, or information about measures or ranking standards.

d. Winthrop Brokerage must submit the advertisement to CMS for prior approval because it meets the definition of marketing material.

ABC is a Medicare Advantage (MA) plan sponsor. It would like to use its enrollees’ protected health information to market non-health related products such as life insurance and annuities. To do so it must obtain authorization from the enrollees. Which statement best describes the authorization process?
Choose one answer.

- a. The request for authorization may include a brief synopsis of non-health related content. ✗
- b. Once a plan sends out a written request for consent, a beneficiary can authorize consent by simply failing to reply within 21 days. ✗
- c. It is not necessary for ABC to obtain an authorization to simply explain pending state or federal legislation, since there is no anticipation of selling a non-health related product in these circumstances. ✗
- d. Authorization may be obtained by directing a beneficiary to a website to provide consent. ✓

Question 2

During a sales presentation, your client asks you whether the Medicare agency recommends that she sign up for your plan or stay in Original Medicare. What should you tell her?

Choose one answer.

a. Tell her that Medicare recommends that beneficiaries enroll in a Medicare Advantage plan because it will serve her better than Original Medicare ✗

b. Tell her that the Medicare agency does not endorse or recommend any plan. ✓
c. Tell her that, because you represent a Medicare health plan, you therefore work for Medicare, and the information you offer her is a good basis of any decision she makes. X

d. Tell her that Medicare or CMS (the Medicare agency) has approved and endorsed the plan. X

Question 2

By contacting plans available in your area, you have learned that the plan you represent has a significantly lower monthly premium than the others. Furthermore, you see that the plan you represent has a unique benefit package. What should you do to make sure your clients know about these pieces of information?

Choose one answer.

a. You may present comparative information that has been created and approved by the Medicare agency (CMS), such as a print-out from the Medicare plan comparison website. ✓

b. You have clear evidence that your plan is the best and can say so to your clients. X

c. To obtain information about another plan’s benefits, you must refer clients to those other plans, because you may not provide comparative information, regardless of the source, to demonstrate any differences among the plans. X

d. You may create a chart that lists each plan in the beneficiary’s service area along with the benefits of the plan you represent, compared to those of the other available plans. X

- b. He is currently in the Part D Initial Enrollment Period (IEP) and, during this time, he may only enroll in an MA-PD plan.
- c. He is currently in the Part D Initial Enrollment Period (IEP) and, during this time, he may only add stand-alone Medicare prescription drug coverage.
- d. He is currently in the Part D Initial Enrollment Period (IEP) and, during this time, he may make one Part D enrollment choice, including enrollment in a stand-alone Part D plan or an MA-PD plan.

Ms. Claggett is sixty-six (66) years old. She has been covered under both Parts A and B of Original Medicare for the last six years due to her disability, has never been enrolled in a Medicare Advantage or a Part D plan before. She wants to enroll in a Part D plan. She knows that there is such a thing as the “Part D Initial Enrollment Period” and has concluded that, since she has never enrolled in such a plan before, she should be eligible to enroll under this period. What should you tell her about how the Part D Initial Enrollment Period applies to her situation?

Choose one answer.

- a. It occurs three months before and three months after the month when a beneficiary meets the eligibility requirements for Part B, so she will not be able to use it as a justification for enrolling in a Part D plan now.
### Question 5

When Myra first became eligible for Medicare, she enrolled in Original Medicare (Parts A and B). She is now 67 and will turn 68 on July 1. She would now like to enroll in a Medicare Advantage (MA) plan and approaches you about her options. What advice would you give her?

Choose one answer.

- **a.** She should wait until the new year to disenroll from Original Medicare and select an MA plan between January 1 and March 31. ✗
- **b.** She should remain in Original Medicare until the annual election period running from October 15 to December 7, during which she can select an MA plan. ✓
- **c.** She could immediately enroll in MA plan based on the one-time special enrollment period available to those 70 and younger. ✗
- **d.** She could enroll in an MA plan during the period including the three months before, the month of, and up to three months after turning 68. ✗

Mr. Garrett has just entered his MA Initial Coverage Election Period (ICEP). What action could you help him take during this time?

Choose one answer.

- **a.** He will have a three-month period during which he may enroll in as many Medicare Advantage plans as he chooses, with the last enrollment being the effective one. ✗
- **b.** He may change or drop MA plans, but may not drop drug coverage. ✗
He will have one opportunity to enroll in a Medicare Advantage plan.

If he has a disability, he may enroll in Original Fee-for-Service Medicare during the MA Initial Coverage Election Period.

Question 2

Mrs. Kendrick is six months away from turning 65. She wants to know what she will have to do to enroll in a Medicare Advantage (MA) plan as soon as possible. What could you tell her?

Choose one answer.

a. She may enroll in an MA plan beginning three months immediately before her first entitlement to both Medicare Part A and Part B.

b. She must first enroll in a Medicare Part D plan, before enrolling in a Medicare Advantage plan.

c. She must have previously been enrolled in Original Fee-for-Service Medicare for at least one year before she may enroll in an MA plan.

d. MA plans are only available to those who have been enrolled in a Medigap plan for at least six months. Therefore, before enrolling in an MA plan, she must first use a Medigap plan to supplement her Original Medicare coverage.

Question 3

Mr. Ziegler is turning 65 next month and has asked you what he can do, and when he must do it, with respect to enrolling in Part D. What could you tell him?

Question 5

Mrs. Goodman enrolled in an MA-PD plan during the Annual Election Period. In mid-January of the following year, she wants to switch back to Original Medicare and enroll in a stand-alone prescription drug plan. What should you tell her?

Choose one answer.

a. During the MA Disenrollment Period, from January 1 – March 31, she may only add or drop Part D coverage, so she cannot switch back to Original Medicare.  

b. During the MA Disenrollment Period, from January 1 – March 31, she may drop a MA or MA-PD plan and go back to Original Medicare, but she may only enroll in a stand-alone prescription drug plan if she also purchases a Medigap policy.  

c. During the MA Disenrollment Period, from January 1 – March 31, she may only disenroll from a MA or MA-PD plan, but cannot enroll in a stand-alone Part D plan.  

d. During the MA Disenrollment Period, from January 1 – March 31, she may disenroll from the MA-PD plan into Original Medicare and also may add a stand-alone prescription drug plan. 

Question 6

Mrs. Young is currently enrolled in Original Medicare (Parts A and B), but she has been working with Agent Neil Adams in the selection of a Medicare Advantage (MA) plan. It is mid-September, and Mrs. Young is going on vacation. Agent Adams is considering suggesting that he and Mrs. Young complete the application together before she leaves. He will then submit the paper application prior to the start of the annual enrollment period (AEP). What would you say if you were advising Agent Adams?

Choose one answer.

a. This is a bad idea. Agents are generally prohibited from soliciting or accepting an enrollment form prior to the start of the AEP.  

b. This is a bad idea. Mrs. Young should complete an online application now so that Agent Adams will be given immediate credit for his work once the AEP begins.  

**Question 7**

Ms. Gonzales decided to remain in Original Medicare (Parts A and B) and Part D during the Annual Enrollment Period (AEP). At the beginning of January, her neighbor told her about the Medicare Advantage (MA) plan he selected. He also told her there was an open enrollment period that she might be able to use to enroll in a MA plan. Ms. Gonzales comes to you for advice shortly after speaking to her neighbor. What should you tell her?

Choose one answer.

- **a.** There is a MA Open Enrollment Period (OEP) that takes place between January 1 and March 31, but Ms. Gonzales cannot use it because eligibility to use the OEP is available only to MA enrollees. ✅
- **b.** There is a MA Open Enrollment Period (OEP) that takes place between January 1 and March 31 and Ms. Gonzales can use it to change from Original Medicare and Part D only to a MA plan that includes prescription drug coverage. ✗
- **c.** There is a MA Disenrollment Period that takes place between January 1 and February 14 but since Ms. Gonzales enrolled in Original Medicare and Part D during the AEP this would not apply to her. ✗
- **d.** There is a MA Open Enrollment Period (OEP) that takes place between January 1 and March 31 and Ms. Gonzales can use it to change from Original Medicare and Part D to a MA or MA-PD plan. ✗

Mrs. Schmidt is moving and a friend told her she might qualify for a “Special Election Period” to enroll in a new Medicare Advantage plan. She contacted you to ask what a Special Election Period is. What could you tell her?

Choose one answer.

- **a.** It is a time period when only Medicare beneficiaries who have moved out of the area and are dually eligible for Medicaid may add, drop, or change their prescription drug coverage. ✗
- **b.** It is a time period when beneficiaries who are newly eligible for Medicare may make their first choice of a Medicare prescription drug plan. ✗
- **c.** It is a time period when beneficiaries who are newly eligible for Medicare may make their first choice of a Medicare prescription drug plan. ✗

---

**c.** This is a good idea. This locks Mrs. Young into a plan and protects Agent Adams’ commission. ✗

**d.** This is a good idea. The plan will retain Mrs. Young’s application and process it when the AEP begins. ✗
c. It is a time period, outside of the Annual Election Period, when a Medicare beneficiary can select a new or different Medicare Advantage and/or Part D prescription drug plan. Typically the Special Election Period is beneficiary specific and results from events, such as when the beneficiary moves outside of the service area. ✓

d. It is a single time period from January 1 – March 31, created by statute, when any Medicare beneficiary who has moved out of the area of their Medicare Advantage or Part D plan can add, drop, or change their Medicare prescription drug coverage. ✗

Question 2

Mr. Garcia was told he qualifies for a Special Election Period (SEP), but he lost the paper that explains what he could do during the SEP. What can you tell him?

Choose one answer.

a. If the SEP is for MA coverage, he may make as many changes to his MSA enrollment as he wants and the last choice made before the end of the SEP period will be the effective one. ✗

b. He may only use the SEP to disenroll from his MA plan and return to Original Medicare. ✗

c. If the SEP is for Part D coverage, he may only drop, but not add or change, his Part D coverage one time before the SEP expires. ✗

Question 3

Mr. Wendt suffers from diabetes which has gotten progressively worse during the last year. He is currently enrolled in Original Medicare (Parts A and B) and a Part D prescription drug plan and did not enroll in a Medicare Advantage (MA) plan during the last annual open enrollment period (AEP) which has just closed. Mr. Wendt has heard that there are certain MA plans that might provide him with more specialized coverage for his diabetes and wants to know if he must wait until the next annual open enrollment period (AEP) before enrolling in such a plan. What should you tell him?

Choose one answer.
If there is a special needs plan (SNP) in Mr. Wendt’s area that specializes in caring for individuals with diabetes, he may enroll in the SNP during the MA Open Enrollment Period which takes place between January 1 and March 31.

As long as there is a special needs plan (SNP) specializing in diabetes within 500 miles of Mr. Wendt’s residence, he can enroll in the SNP at any time under a special enrollment period (SEP).

Mr. Wendt must wait until the next annual open enrollment period (AEP) before he can enroll in a special needs plan (SNP).

If there is a special needs plan (SNP) in Mr. Wendt’s area that specializes in caring for individuals with diabetes, he may enroll in the SNP at any time under a special enrollment period (SEP).

Which of the following individuals are likely to qualify for a special enrollment period (SEP) for both MA and Part D due to a change of residence?

Mr. Rockwell, age 67, is enrolled in Medicare Part A, but because he continues to work and is covered by an employer health plan, he has not enrolled in Part B or Part D. He receives a notice on June 1 that his employer is cutting back on prescription drug benefits and that as of July 1 his
Mr. Rockwell is eligible for a SEP that begins in June and ends three months later, during which he may enroll, disenroll, and reenroll in Part D plans, with his last selection considered binding. [x]

b. Mr. Rockwell is eligible for a SEP that begins three months before the month in which he receives notice of loss of creditable coverage and ends three months after that month. [x]

c. Mr. Rockwell must wait until the next annual election period (AEP) to sign up for Part D prescription drug coverage. [×]

d. Mr. Rockwell is eligible for a SEP due to his involuntary loss of creditable drug coverage; the SEP begins in June and ends September 1 - two months after the loss of creditable coverage. [✓]

Ms. Lee is enrolled in an MA-PD plan, but will be moving out of the plan's service area next month. She is worried that she will not be able to enroll in another plan available in her new residence until the Annual Election Period. What should you tell her?

a. She will be able to enroll in a new plan, because she qualifies for a Special Election Period that begins 30 days after a plan's written communications are returned by the United States Post Office with notification that the resident has moved. So, she should be sure to notify the Post Office immediately. [x]

b. She is eligible for a Special Election Period that begins either the month before her permanent move, if the plan is notified in advance, or the month she provides notice of the move, and this period typically lasts an additional two months. [✓]

c. She may continue to keep her existing plan, because all Medicare health plans are required to provide coverage to anyone, no matter where they live. [x]

d. She will have to wait until the next Annual Election Period to be able to enroll in a plan available in her new location. [×]
Mr. Yoo’s employer has recently dropped comprehensive creditable prescription drug coverage that was offered to company retirees. The company told Mr. Yoo that, because he was affected by this change, he would qualify for a Special Election Period. Mr. Yoo contacted you to find out more about what this means. 1. You are completing a PFFS plan sale to Mr. West who is new to Medicare and prefers to be contacted by telephone. As you are finishing up, what should you tell him about next steps in the enrollment process?
Choose one answer.

- You need to ask Mr. West a few final questions to ensure he understands the nature of the plan and really wants to enroll. You also should tell Mr. Schmidt that after you leave, he should not answer any questions about his enrollment in the plan because it could result in a disenrollment.

- You should not include Mr. West’s phone number on the enrollment form in case he is on the “Do Not Call” registry.

- You need to get Mr. West’s phone number and include it on the enrollment form because the PFFS plan will contact him once the organization receives the enrollment form and will ask about the quality of your service. You should not discuss the phone call with Mr. West to avoid influencing his answers.

- You need to get Mr. West’s phone number and include it on the enrollment form because the plan must call him after you leave to ensure that he understood the nature of the PFFS plan he selected and to verify his intent to enroll.

Question 2

Mrs. Johnson calls to tell you she has not received her new plan ID card yet, but she needs to see a doctor. What can she expect to receive from the plan after the plan has received her enrollment form?

Choose one answer.

- She will not receive anything from the plan until her ID card arrives, so she should not expect the plan to cover her medical needs until then.

- A $20 gift certificate thanking her for enrolling.

- Evidence of plan membership, information on how to obtain services, and the effective date of coverage.

- A solicitation for friends who might be interested in enrolling in the plan, with a postcard for her to list their names, addresses, and phone numbers.

Question 3

Mrs. Reynolds just signed up for a Medicare Advantage plan on the second of the month. She is leaving for vacation in two weeks and wants to know if her new coverage will start before she leaves. What should you tell her?
Choose one answer.

a. Typically, coverage is effective on the date that the beneficiary completes the application form, so her coverage will be in place before she leaves. X

b. Coverage always begins on the first of July, or the first of January after a beneficiary enrolls, whichever comes first. X

c. Typically her coverage would begin 30 days after she submits the application form, so she should not expect the coverage to begin until after she leaves. X

d. Typically her coverage would begin on the first day of the next month, so she should not expect her coverage to begin before she leaves. ✓

Question 4

You meet with Mrs. Wilson to complete her enrollment in a Medicare Advantage plan. You tell her that there will be an enrollment verification process to confirm that she is enrolled in the plan that she requested and understands the plan features and rules. What should Mrs. Wilson expect regarding the verification process?

Choose one answer.

b. Your assistant will contact Mrs. Wilson within seven calendar days to set up a joint call with the plan’s home office to verify that she has enrolled in a plan of her choice and understands its features and rules. X

c. Mrs. Wilson will be contacted by the plan sponsor within 15 calendar days of receipt of the enrollment request. ✓

d. Mrs. Wilson will be contacted by you within one week for a follow-up appointment to handle the verification process. X

Mrs. Burton is in an MA-PD plan and was disappointed in the service she received from her primary care physician because she was told she would have to wait five weeks to get an appointment when she was feeling ill. She called you to ask what she could do so she wouldn’t continue to have to put up with such poor access to care. What could you tell her?
Question 2

Mr. Barker had surgery recently and expected that he would have certain services and items covered by the plan with minimal out-of-pocket costs because his MA-PD coverage has been very good. However, when he received the bill, he was surprised to see large charges in excess of his maximum out-of-pocket limit that included a number of services and items he thought would be fully covered. He called you to ask what he could do? What could you tell him?

Choose one answer.

a. You could suggest he call the doctor who performed the surgery to complain about the costs and ask for a discount on the charges. ✗

b. You can offer to review the plans appeal process to help him ask the plan to review the coverage decision. ✓

c. You could remind him that he cannot do anything until the next Annual Election Period when he will have an opportunity to change plans. ✗

d. You could reassure him that such charges are typical, but if he needs assistance in paying, he should apply to the state. ✗

Mrs. Disraeli is enrolled in Original Medicare (Parts A and B) and a standalone Part D prescription drug plan. She has recently developed diabetes and has suffered from heart disease for several years. She has also recently learned that her area is served by a SNP for individuals suffering from such a combination of chronic diseases (C-SNP). Mrs. Disraeli is concerned however, that she will have few rights or protections if she enrolls in a C-SNP. How would you respond?
a. Enrollees, while able to select their primary care provider (PCP), do have substantial restrictions and financial responsibilities regarding emergency care whether obtained at in-network or out-of-network facilities. ✗

b. Enrollees in SNPs must have access to provider networks that include enough doctors, specialists, and hospitals to provide all covered services necessary to meet enrollee needs within reasonable travel time. ✓

c. Mrs. Disraeli would have substantial restrictions on obtaining emergency care and must use network facilities or be responsible for most emergency care costs. ✗

d. The SNP would select her primary care provider (PCP) but she could file a grievance within 90 days if the PCP proved incapable. ✗

Question 2

Ms. O’Donnell learned about a new MA-PD plan that her neighbor suggested and that you represent. She plans to switch from her old MA HMO plan to the new MA-PD plan during the Annual Election Period. However, she wants to make sure she does not end up paying premiums for two plans. What can you tell her?

Choose one answer.

a. It is illegal for a marketing representative to sell her an MA-PD plan before she completes a voluntary disenrollment form and you can offer to help her do so before you assist with the new enrollment, but these must be during two separate appointments. ✗

b. She only needs to enroll in the new MA-PD plan and she will automatically be disenrolled from her old MA plan. ✓

c. She must wait until the MA Disenrollment Period and then she will be able to disenroll from the MA-HMO and select the MA-PD plan. ✗
